HC: 978-0-7636-8065-7

So you want to track a truck, huh? Did you know moving trucks live in busy neighborhoods? Or that ice-cream trucks migrate south for the winter? Do you know the Universal Truck Signal? (Just make a fist and pull down twice.) This is just the beginning of the knowledge you'll gain from *How to Track a Truck*, your guidebook to becoming an expert truck tracker.

In this kit you'll find everything you need for honing your truck-tracking skills, from finding clues to testing your abilities in the field.

Once you've mastered the basics, you'll be an unstoppable truck tracker!
